TENTATIVE AGENDA PREVIEW

We're excited to offer a comprehensive and engaging agenda for the 2025 Patient Empowerment Summit and Gastric Cancer Advocacy Day.

This 4-day event, themed ***"Amplify Your Voice, Shape the Future,"*** is designed to empower, educate, and unite our community, with a focus on interactive sessions that build connections and foster a sense of collective purpose.

While a portion of the educational content will be live-streamed for those unable to attend in person, our primary goal is to create an engaging and community-focused environment.

Attendees will have the opportunity to participate in workshops, panel discussions, wellness activities, and advocacy training, all aimed at amplifying their voices.

The event will culminate in a powerful day on Capitol Hill, where together we will shape the future of stomach cancer care and policy.

**SPEAKERS + MORE EVENTS BEING ADDED SOON.
